

Hello everyone

I hope everyone is enjoying the Israeli weather that has hit us in recent days!

I would be happy to invite you to see our first Israeli summer film "The Band's Visit"

This charming film tells the story of eight Egyptian musicians who assemble the Alexandria Ceremonial Police Orchestra arriving by mistake in a small town in Israel's Negev Desert.

I would like to thank everyone who has registered for the Hebrew lessons and I am excited that all the places were filled, I apologize to those who we had to turn away because of this. In light of the high demand, I promise to open more classes after the high holidays in early October.

In addition I got a number of requests from members of the community to have a talk about issues in Israel which people find difficult to understand, for example, what is the difference between the situation in Gaza and the West Bank and what is happening in the Golan Heights? Is there going to be a new part of the Western Wall where families can pray together? and more, so I decided to hold an open conversation for anyone interested in the subject. If you would like to come to the meeting, please send me your questions, from political issue to where the best hummus in Israel can be found.

The Redbridge Synagogue holds An Evening with Maurice Podrow from the 43 Group at Tuesday July 17th -8: 00pm

As an Israeli, I have not learned about this group before, and I think it's a very important to learn how Jews all over the world have fought fascism in the past and present today, so I really recommend attending.

Returning from the war as heroes. The demobbed British Jews who won medals defeating Hitler were horrified to see fascist salutes on the streets of Britain. In April 1946, 43 men and women decided **Enough is Enough** and formed the 43 Group. By 1947 the group had more than 1,000 members:

Make sure you don't miss this opportunity to hear first-hand from Maurice as he recounts the stories of how The 43 Group would break up the public meetings of Mosley and his Black shirts and stand up to their antisemitism wherever & whenever it occurred...and not peacefully!
